

COMMUNITY GARDEN – EQUIPMENT WISH LIST:

(from SPONSORS-PARTNERS-FARMERS)

3-13-14

Tiller - to work the soil and allow for year round plantings without disruption of row plowing

Chipper – to reduce plant waste into small pieces for compost pile

Either permanent purchase or to rent annually

Tarps (2) - for transporting leaves/plants/compost back and forth from garden plots to compost areas, among other uses

Seeds – Plants (peppers, eggplants, tomatoes)

Hose lengths/irrigation parts

All items needed for Global Growers Food Handling Safety Class

Water storage bag for hand washing (camping style water bag)

Brown paper towels (bleach free, so compostable)

Buckets – (paint type, for washing produce)

Weed Block fabric roll, for use on vacated plots to prevent spread of weeds
